Grabs torchfork

They did respond to my email during the whole missing sticky posts fiasco.

Maybe if several of us emailed them--*politely*--they'd respond?

Guys I sent this to the mods,

So mods,
Fatey's been permabanned and there is a whole thread about it (this one). People are putting #BringFateyBack in their signatures, I have too. it will turn into a flame war if your not careful. So PLEASE bring her back. We don't even know why Fatey was permabanned. I am trying to be polite. She is a funny, kind and wonderful forumer and we are very upset she has been banned. She rarely all referred to outside websites , if not at all. So that can't be why she was banned. If it was a glitch ignore this.

From Indigo and all those on the forums who want her back

How did I go??????????????????????????

@dolphinbreeze: That's not how it works. One, the mods would've deleted the post, and, two, she got permanently banned from the entire* forum, *if you weren't aware.
